

**US Environmental Protection Agency
National Computer Forensics Laboratory
Imaging Report**

Case Title:

Detroit Water and Sewerage Department

Office:

Detroit Resident Office

Case Number:

0506-0026

Synopsis:

On February 23, 2012, the National Computer Forensics Lab (NCFL) provided computer forensic support during a Federal Search Warrant.

The search operation was conducted in and around:

9300 West Jefferson, Detroit, MI

NCFL team member(s) that participated in the operation included, Special Agent(s):

(b)(6), (b)(7)(C).

The total forensic images(copies) collected during the operation was: 1

Details:

On February 23, 2012, a search was executed in and/or around the above location.

During the execution of the search, the below described computers/storage media was forensically imaged (copied). No original computers or storage media were seized. The exhibit naming convention is based on location information corresponding to the room/item numbering scheme established by the case agent.

The forensics images are stored at the NCFL, Jacksonville, FL. The forensic analysis of the evidence will be assigned to an NCFL Agent and the results reported separately upon completion.
